## BLOCK FILLER AND TEXTURE COATING

### NYCO SUPPLIES PREMIUM QUALITY WOLLASTONITE TO THE WORLD

NYCO is not only the foremost supplier of wollastonite in the world, we are also the first...

Since our pioneering plant at Willsboro, New York opened in 1953, to our most recent development of a world class deposit in the Sonora desert of Mexico, NYCO has led the world in its growing acceptance of wollastonite.

- highest quality ores
- state of the art processing
- world class treatment facilities
- market leading reliability & technical service
- 100's of years of reserves

This data contains general information and describes typical properties only. It is offered for use by persons qualified to determine for themselves the suitability of our products for particular purposes. No guarantee is made or liability assumed, the application of this data and the products described herein being at the sole risk of the user.

For detailed information on NYAD G<sup>®</sup> Wollastonite please contact **NYCO Minerals, Inc.** (an ISO 9002 certified facility).

**HEALTH & SAFETY STATEMENT:** Wollastonite is a naturally occurring, non-hazardous mineral. The benign health aspect of wollastonite provides a compelling reason for its use in place of other industrial minerals and fibers.
